(iii) **Promotion of Dr. Manoj Kumar Tiwari, Assistant Professor in Department of Electronic Science.**

The members of the GB noted that in the 97th GB minutes the date of promotion, in case of Dr. Manoj Kumar Tiwari, for Academic level 12 (Stage III; AGP 8000) was fixed at 22/01/2016. Accordingly he had applied for next level promotion (AL 13A) while claiming his date of eligibility as 22/01/2019 and considered the following points:-

- The screening or the assessment period claimed by him is from 22-01-2016 to 21-01-2019 for the promotion to AL-13A.
- He was on deputation to AICTE as Assistant Director w.e.f. November 16, 2015 to August 02, 2021. He resumed his duties on 03-01-2021(FN) at BCAS.
- As per available information in the office, he was promoted to AL-12 w.e.f. 22.01.2016 with an assessment period 22-01-2011 to 21-01-2016. The said period also includes some period of his deputation viz 16-11-2015 to 21-01-2016 (68 days).
- Further, on the recommendations of the screening committee a clarification was sought from University of Delhi in case of Dr. Manoj Tiwari in reference to the assessment period claimed in lieu of his services rendered at AICTE.
- The nature of his services during deputation were purely non-academic and administrative. It was, therefore, requested to the University of Delhi to clarify whether the period of his services at AICTE, in the assessment period or the entire period of deputation may be considered or not, for the promotion under CAS-2018?
- University of Delhi vide letter no. CS-I/(111)/Clari/BCAS/2024/7922 Dated 07-05-2024, has clarified that “administrative experience can not be considered for promotion of teachers”.
- In view of the above, the date of his promotion to the academic level 12 has to be revised by 68 days after he resumed his duties w.e.f. 03-08-2021.
- Accordingly, his date of promotion for academic level 12 to be revised by 68 days as 09-10-2021 instead of 22-01-2016.

Stage	Existing Date of Promotion	Revised Date of promotion in view of the University's directions
Assistant Professor, stage –III Academic Level-12 (AGP-8,000)	22/01/2016	09/10/2021

After deliberations the members of the GB approved that the date of promotion in reference to **Dr. Manoj Kumar Tiwari, Assistant Professor, Department of Electronic Science** for academic level 12 will be revised as 09-10-2021 instead of 22-01-2016.

(Q) Contract for providing Canteen Services in the College through GeM portal.

- (i) Tender for providing canteen services in the College was uploaded on the GeM portal vide tender No. GeM/2023/B/4331321 date 12-12-2023, the financial bids of all 12 vendors were opened on 30th January 2024. The committee, while analyzing the financial comparative, generated on GeM portal, found wide variation in total price (from 0.01 to 5,59,640.00). The committee sought clarification from the selected L1 bidder telephonically but was not convinced; vendor L2 was also contacted to clarify his bid but still the committee was not convinced for a common logic for all.

Hence, the committee recommended to cancel the above tender (tender dated 12-12-2023) and the tender was re-floated through GeM. The ongoing contract of M/s. Deepali Caterers, was extended for a further period to provide the canteen services on existing terms and conditions in the college, till the finalization of new tender.

The technical bids were opened on 3rd May 2024. 20 bids were technically disqualified. The eligible 11 financial bids were opened on 30-05-2024. After the comparative chart generated by GeM., M/s. Kritika Hospitality, being the L1 vendor was selected as the successful vendor. On the recommendation of the committee order for providing canteen services in the college was placed to M/s. Kritika Hospitality, 21-A, B2C Block, Janak Puri, New Delhi Delhi -110058, vide order dated 13-06-2024 for the period of three years, on 1+1+1 basis as per the tender terms and conditions. . He has started operating the Canteen Services w.e.f. 20th June 2024.

(R) Request for CSR Funding for Education, Skill Development for Green Hydrogen through technology based initiatives titled “Green Horizon: A Journey in Education, Skill Development for Green Hydrogen, Environment and Sustainable Energy”.

Bhaskaracharya College of Applied Sciences (BCAS) is willing to initiate a project in green hydrogen-generated power in collaboration with industry partners. This project aligns with sustainable development goals, aiming to minimize the carbon footprint and foster energy independence. The key Objectives of the proposal are placed as annexure- ‘3’

This initiative will be integral to University curriculum, covering renewable energy, system optimization, and safety management, preparing students for careers in instrumentation, green

hydrogen, and renewable energy sectors. This initiative offers extensive benefits for the college, its students, local communities, policymakers, and the broader academic and technological communities.

The project underscores BCAS's commitment to sustainable energy and practical education, positioning the college as a leader in clean energy education and marking a significant step towards making BCAS probably the first college in the country to achieve self-reliance in energy needs. This endeavour will also contribute to technological innovation and skill development, vital for the future.

The proposal needs to be carried with the help of CSR funding by an industry.

Proposal submitted to the Ministry of Petroleum and Natural Gas is for Rs. 53.25 Cr. We believe this project is in perfect harmony with the government's vision of Viksit Bharat for a clean, prosperous, and self-reliant India. Due norms will be followed while executing the project.

(S) Complaint against Website vendor M/s Maxtra Technologies

The college had filed a Complaint against M/s. Maxtra Technologies Pvt. Ltd., having its office at B-71, Aristos Tower, 2nd Floor, Sector-67 Noida, UP-201301, India, Tel: 0120-421002; (www.maxtratechnologies.com) with known Regd office at House No. 88, Village Ghyana, P.O. Chail Chowk, Tehsil Chail Chowk, Gohar, H.P.-175045, through Mr. Shivendra Dwivedi (Founder and Director) and its V.P. Shri Tushar (Mobile No. 8744075752, 8595547718) for the breach of tender terms and conditions. The said complaint is submitted as annexure -4. Presently, the vendor has restored the website only upto January 2021 and is available temporarily at bcas1.du.ac.in.

The college has initiated the development of a new website at the previous domain bcas.du.ac.in with the help from the students of the Computer Science department.

(T) Tender for providing sanitation & stationery items in the college:

- (i) Tender for supplying housekeeping items in the College : For supplying housekeeping/sanitation items in the college, tender on GeM (via BOQ mode) was floated vide ref. no. GEM/2023/B/4109690 dated 19/10/2023. After technical evaluation of bid on 31/10/2023, 05 bids received were technically qualified for their financial bid opening. As per the comparative chart provided by GeM, M/s. V.G. Enterprises had quoted the lowest rate of Rs. 4,14,375/- (Rs. Four Lakh fourteen Thousand Three Hundred and Seventy Five Only) (@Rs. 82,875/- per lot) for five lots/ times for supply of the housekeeping items in the college. The vendor supplied the first lot partially only after a lot of repetitive reminders. He was not responding to our mails or messages. Keeping hygiene conditions in an educational institute of repute is the foremost responsibility and several sanitation items are needed regularly but we were unable to process the same as the successful vendor was not responding. The committee recommends to cancel the order place to M/s V G Enterprises and the vendor be blacklisted to work in the college.

After meetings and discussions the L2 vendor M/s Survive Pharma has given his consent to provide the items on rates given by L1. Hence, the order for providing housekeeping items in the college was placed to M/s. Survive Pharama (L2 bidder) at the rates given by L1 vendor as per the GFR 2017 rule 173 (XVI).

- (ii) Tender for supplying stationery items in the College : For supplying the stationery items in the college, tender on GeM (via BOQ mode) was placed vide order No.GEM/2023/B/4110239 dated 19/10/2023. A total 08 bids were received and all found technically qualified. On 31/10/2023 financial bids were opened. As provided by the GeM, the L1 vendor i.e. M/s. Kartik Enterprises had quoted the lowest rate of Rs. 1,62,500/- (Rs. One Lakh Sixty Two Thousand Five Hundred Only) for all items (@ Rs. 32,500/ per lot) for five lots/times. The order was placed to M/s. Kartik Enterprises accordingly.

ITEM NO.102/5: ITEM FOR CONSIDERATIONS

(G) Migration Policy of the college.

The University of Delhi has allowed the students of II year to apply for inter college migration, while fulfilling the requisite criteria/ guidelines from time to time. In this context, the College proposed the following guidelines for dealing with such cases.

I. Migration from other colleges:-

- i. The college would display the vacant seats to seek application based on total no of sanctioned seats in a program only.
- ii. The admission will be based on the merit in their Ist year Term End Examination (TEE) (descending order) and as per norms of the University of Delhi.
- iii. The interested students should submit a NOC from the parent institution at the time of submitting the application.
- iv. The college admission committee would process such applications.
- v. Class roll no would be issued once college fee is deposited by the student.

II. Migration to other colleges:-

- i To avoid any audit objection, the college can't afford to increase the number of vacant seats in a program.
- ii. The bonafied student of the college would be the one, who deposited college fee for the respective academic year.
- iii. Students would be permitted migration from a program only if number of students in a class is above the sanctioned strength + 10% (of sanctioned strength) only.
- iv. The number of such students (iii above) will be given an NOC on first cum and first serve basis for each program.
- v. A merit list will be prepared based on the I year TEE result (ascending order) among all the students who would have applied for migration.
- vi. In case of simultaneous application by two or more students, the students will be given NOC as per merit list prepared.
- vii. The migrated student to other college would be eligible for refundable security deposit only.
- viii. TICs would forward request to the admission committee to process such cases, if any.

After due deliberations and discussions, the house approve the above policy regarding migration of students. The policy would be effective from the academic year 2024-25. It was emphasized that awareness should be spread about the policy amongst the students.

(H) Identification of Course wise Slow and Fast learners

The college needs to have a well-documented mechanism to identify course specific slow and fast learners by respective teachers, which is required for various accreditation purposes and also mentioned by the NAAC Peer team during their visit in June 2023. The following has been decided for the same.

- I. The college would include Home Examination as part of its academic calendar. Students would be made aware of the time period of conduct of these examinations as decided by the college. The home examination would be held in mid of each semester with 40-60% of the syllabus as per the respective lesson plan submitted. Department may design their mechanism, if so desired. All the students would be required to give these home examination mandatorily. The marks scored will be one of the components of their Internal Assessment and would be displayed widely in a time bound manner. No repeat chances for this component would be permissible for students. Also, students failing to appear will be assigned a zero for the respective component in the corresponding course/ paper.
- II. A 60% weightage of the marks scored in the above Home Examination will be one of the indicators for identification of the slow and fast learners. 40% marks would be awarded by the concerned teacher(s) based on their own assessment in the class (other than the attendance). The merit list so prepared for identification of slow and fast learners will be submitted to the TIC and not to be displayed anywhere. TIC would submit the consolidated award list to the IQAC.
- III. The merit thus prepared in 'b' above would be the basis for a particular course. The benchmark would be 60%.
- IV. Slow learners for a particular course would be facilitated by the respective teacher
 - Personal attention
 - Remedial classes in the time table
 - Assignments and study material
 - Question bank
 - Any other activity identified by the teacher(s)
- V. Fast learners for a particular course would be facilitated by the respective teacher
 - Advanced Assignments
 - Participation in research or other initiatives
 - Participation in seminars/ conferences/ industry internship
 - Self study Online course content
 - Any other activity identified by the teacher(s)
- VI. Each faculty should prepare report after final result declaration showing the performance of slow learners to close the loop.

ITEM NO. 102/6: ANY OTHER ITEMS WITH THE PERMISSION OF THE CHAIR.

- (A) Proposal for work /projects to be carried out by the Public Works Department Civil & Electrical (PWD, (Civil) & (Electrical)) in the College.**

The GB accorded its approval for the below mentioned proposals to be forwarded or resubmitted to DHE/ PWD for immediate action.

- (i) Proposal for the supply, installation, testing, and commissioning of a replacement fire-fighting system at BCAS to be carried out by the PWD (Electrical): The vide letter No. BCAS/4(3)/DHE/2013/1072 dated 29/09/2023 College has submitted the proposal for a capital work project namely the supply, installation, testing, and commissioning of a replacement fire-fighting system at BCAS, amounting to Rs. 30,50,261/-, for administrative approval and expenditure sanction for the Directorate of Hr Education , GNCTD. However, in the last financial year i.e. 2023-24, the College has not received the approval of the DHE for the carrying out the aforesaid work. Given that fire safety measures are essential and mandatory for all government buildings, particularly educational institutions, the replacement of our condemned fire system is of utmost importance to prevent any untoward incidents

In light of above, the College vide letter No. BCAS/2024/DHE/(3)/573 dated 14/06/2024 has again submitted the proposal for grant of the necessary approval and expenditure sanction for the supply, installation, testing, and commissioning of the replacement fire-fighting system, amounting to Rs. 30,50,261/- (Rupees Thirty Lakhs Fifty Thousand Two Hundred and Sixty One Only), by the PWD (Electrical) in the current financial year on an urgent basis.

- (ii) Proposal for construction of portable cabin for class rooms: With the introduction of New Education Policy (NEP), there is an urgent requirement of more classrooms/lecture rooms in the College. A proposal for expansion of building including construction of classrooms is in process and taking time. Therefore, for the benefits of the student's fraternity and for the smooth conduct of classes, it is proposed that 8 numbers of porta cabins for classrooms may be constructed by the Public Works Department (PWD) Civil & Electrical.
- (iii) Repair of boundary wall : In the year 2022 repair of part of the boundary wall was carried out by the PWD. It has been noticed that some other area of the boundary wall has now started tilting (around 200 to 400 mtrs.) apart from the area repaired earlier which requires immediate repair. In view of the above, to avoid any further damage to the boundary wall and for the security of the College, it is requested approval may be accorded for repair of the boundary wall of the College on priority basis by the PWD (Civil).
- (iv) Repair/replacement of main gate with main gate made up of steel : In October 2021 one side to the main gate had fallen off and was repaired. It has been noticed that otherside of the main gate needs to be repaired on an urgent basis. The main gate is made up of iron and in a few places the condition is deteriorating and needs to be repaired as it is nearly 25 to

27 yrs old. This has not only affected the appearance of the entrances of the College but has also started weakening the pillars holding it.

In view of the above, it is proposed to replace the present Iron Gate with stainless steel gate as it is known for its durability, resistance to rust and low maintenance requirements. The replacement of the gate will ensure the security of the students/visitors of the college but also enhance the visual appeal of the entrance of the College.

- (v) Misc. Civil Work: Provision of Channel Gates at different entrances on the Ground floor of the building, repair of outlet of water pipeline, replacement & installation of college sign board of College at key locations in Dwarka.
- (vi) Maintenance of the AV room which needs all the air conditioners to be replaced along with interiors and PA system.
- (vii) Replacement of air conditioner in the Principal Block, Admin, accounts, Conference room, computer labs.
- (viii) The annual maintenance of the electrical equipments like a.c., water cooler, RO, generator, high rise lights and other electrical and civil work etc.

(B) Proposal for MoU with State Bank of India for the Educational Loan to the College student.

A proposal has been received from the State Bank of India for the aforesaid MoU to provide educational loan to the students of BCAS. After due discussion and deliberation the house accorded its proposal for the same in the interest of the students. It would be publicized appropriately.

The meeting ended with a vote of thanks to all present members.

Principal's Report

Point 26 : 'UV-radiation Monitoring Program' for Climate and Health Studies with the support and in collaboration of Earth and Climate Studies Area, National Remote Sensing Centre (NRSC), Hyderabad and Department of Space, ISRO, Govt of India.

Brief Introduction and objective of the project:

The sun emits energy over a broad spectrum of wavelengths. Fortunately for life on Earth, our atmosphere's stratospheric ozone layer shields us from most UV radiation. Surface reaching UV radiation affects human health both positively and negatively. According to the degree of damage, UV radiation is divided into three bands: UV-A (320 - 400 nm), UV-B (280 - 320 nm), and UV-C (100 - 280 nm). UV-A is the least energetic and may cause suntan, whereas UV-C is the most powerful, which can cause mutations and even death with a small amount of exposure. The damage caused by UV-B is somewhere in between. As sunlight passes through the atmosphere, all UV-C and approximately 90% of UV-B radiation are absorbed by ozone, water vapor, oxygen and carbon dioxide. UV-A radiation is less affected by the atmosphere. Therefore, the UV radiation reaching the Earth's surface is largely composed of UV-A with a small UV-B component.

Short exposure to UV-B radiation generates vitamin D, but prolonged human exposure to solar UV radiation may cause erythema (reddening of the skin). Specific concerns include increases in the incidence of skin cancer, ocular damage, Vitamin deficiency related issues, and other health effects in humans and animals; damage to terrestrial and oceanic vegetation; changes in the chemistry of the lower atmosphere (the troposphere), e.g., photochemical smog formation; and alterations of the biogeochemical cycles. UV radiation also has an effect on climate change, atmospheric chemical processes and ecosystem balance. On a global level, quality controlled surfaces reaching UV data are archived at the World Meteorological Organization operated by Environment Canada.

But such data over India is not available. This limitation can be overcome or lessened by means of ground-based and space-borne remote sensing.

Objective:

1. The primary goal of this program is to monitor surface reaching UV-A and UV-B.

More specifically, the objectives of this program are as follows:

Establish UV (i.e., UV-A & B) climatology based on long-term monitoring,

Validate satellite derived UV irradiance at Earth's surface,

2. Detect temporal (e.g. diurnal and seasonal) patterns in surface reaching UV irradiance.

Dr. Partha S Pal is the coordinator of this project jointly with Prof. S. K. Dhaka, Rajdhani College.

ITEM NO.102/4 (R) : Request for CSR Funding for Education, Skill Development for Green Hydrogen through technology based initiatives titled “Green Horizon: A Journey in Education, Skill Development for Green Hydrogen, Environment and Sustainable Energy”.

Bhaskaracharya College of Applied Sciences (BCAS) is willing to initiate a project in green hydrogen-generated power in collaboration with industry partners. This project aligns with sustainable development goals, aiming to minimize the carbon footprint and foster energy independence. The key Objectives of the proposal are as follows-

BCAS is now poised to embark with the following key objectives:

1. **Implementing Renewable Energy Projects On-Campus:** The college plans to launch on-campus renewable energy initiatives to achieve energy self-sufficiency, complemented by research in environmental sustainability, bolstered through industry collaborations.
2. **Specialized Training Programs with Industry Collaboration:** Specialized training modules in partnership with industry leaders, focusing on cutting-edge energy technologies and practical skills vital for today's workforce will be developed for students.
3. **Utilizing Renewable Energy to Economize on Power Subsidies:** A significant aim is to leverage the renewable energy generated on campus to curtail reliance on government power subsidies, thereby ensuring a cost-effective energy solution.
4. **Enhancing Industry-Academia Ties:** The college is fostering strong industry connections to offer students practical experience and internships, effectively bridging the gap between academic theories and real-world application.
5. **Tailored Curriculum for Evolving Energy Sector Careers:** BCAS is dedicated to curating curricula and programs specifically designed to equip students for careers in the dynamic field of energy, with a special emphasis on renewable technologies.
6. **Innovation Hub for Renewable Energy and Instrumentation:** The college is setting up a state-of-the-art innovation hub or research center on campus to spur advancements in renewable energy and instrumentation, nurturing a culture of student-led research and development and self sustenance.
7. **Minimizing Annual Power Expenditure to Insignificant Levels:** By generating its own power and adopting energy-efficient practices, BCAS aims to substantially lower its annual power costs to near negligible, redirecting these savings towards further educational and infrastructural enhancements.
8. **Promoting Environmental Conservation Awareness:** The college is also dedicated to raising awareness and education about environmental consciousness and conservation both within the campus and in the broader community.

ITEM NO.102/4 (S): Complaint against Website vendor M/s Maxtra Technologies

The college had filed a Complaint against M/s. Maxtra Technologies Pvt. Ltd., having its office at B-71, Aristos Tower, 2nd Floor, Sector-67 Noida, UP-201301, India, Tel: 0120-421002; (www.maxtratechnologies.com) with known Regd office at House No. 88, Village Ghyan, P.O. Chail Chowk, Tehsil Chail Chowk, Gohar, H.P.-175045, through Mr. Shivendra Dwivedi (Founder and Director) and its V.P. Shri Tushar (Mobile No. 8744075752, 8595547718) for the breach of tender terms and conditions.

That the above named company i.e. M/s. Maxtra Technologies Pvt. Ltd. was allotted contract for re-designing, development hosting and annual maintenance of the college website vide order No.BCAS/10(6)/2019/279 dated 01.10.2019 for a period of two years as the above said company had quoted lowest amount in the tender floated by the college and accordingly contract was duly awarded to them as per the published and settled terms and conditions of the contract executed between the college and the above said company.

M/s Maxtra Technologies Pvt. Ltd. accepted our contract on terms and conditions mentioned in our tender document vide letter dated 26.09.2019; college diary no. 1870 dated 26.09.2019.

As per the terms and conditions of the tender document, the first part of the contract for redesign, development, hosting and annual maintenance of the college website expired on 31.08.2022 and dues were cleared. Meanwhile, the college staff was looking after the website work required for the NAAC or otherwise.

Based on experience, the website committee recommended that annual maintenance of college website be awarded to M/s Maxtra Technologies Pvt. Ltd. for 1 year with effect from 01.09.2022. As per the terms and conditions of the tender, the contract was awarded to M/s Maxtra Technologies Pvt. Ltd. for 1 year retrospectively with effect from 01.09.2022 vide reference number BCAS/10 (6)/2022/1396 dated 16.11.2022.

However, M/s Maxtra Technologies Pvt. Ltd. vide mail dated 12.01.2023 refused to accept the annual maintenance of the college website at the price quoted by them in the tender (Rs. 5000/- per annum). This is in complete violation of the agreed terms and conditions of the tender document where the vendor is bound to provide the services, if offered. The vendor, however, is blackmailing us for more than the quoted price to continue the services (mail dated January 12 2023).

The website of the college was not working properly since August 2023 and it was showing a blank white screen internally as well as in the public domain which was causing great hardship to the college as General Public could not access the website of the college in the public domain and moreover, even the college officials were unable to do any activities due to the non-working of the website as no public notice as well as other notices for the student and staff could not be uploaded on the website nor the same was accessible to the college staff as well as to the general public and moreover during the admission days the college has faced great hardship in the admission of the new student as they have to create

link for the admission purpose on the main website of the Delhi University, so that student can fill form and seek admission in the college in Mop-up round.

That the college and its members / staff had made various requests to the officials of the above said company telephonically, personally as well as through various mails and even the staff of the college had met personally with the VP Shri Tushar with regard to the difficulty being faced by the college due to non-functioning of the college website which was duly created and maintained by the above said company and moreover all the personal / official data of all the staff members were in the custody of the above said company which can be misused by them by selling into the black web as well as the Cyber Crime Scamester.

That the undersigned as well as other staff members of the college requested to the staff of the above said company and even approach the owner of the company with regard to the grievance of the college due to non-functioning of the college website but no heed was paid by anyone on behalf of the above said company and even the data available with the above said company was not handed over to the college (as per tender terms and conditions) despite repeated requests and approaches being made by the college as the same is being confidential and private in nature and the same can be misused by the above said company which can cause great harm to the reputation of the college as well as personal details of the staff / students of the college can also be misused by the above said company for their own benefit or for the benefit of some unsocial elements / Scamester.

That the college also came to know that the above said company after being awarded contract for the redesigning of the website of the college was also allotted contract by two other college of the Delhi University and almost same design of website of those colleges was also designed by the above said company, although the same were changed later on, on the objection on behalf of the college and accordingly the above said company was having bad intentions and flouted the terms of the contract.

That since the website of the college is not operating / functional since August 2023 and no heed is being paid by the above said company to the various complaints / requests being made by the college for the non-functional of the website and neither the data available with the company is being provided to the college and accordingly the college apprehend that the same might be misused by the above said company which will be very harmful for the reputation of the college and further the personal information of the staff as well as student of the college will be leaked by the above said company which will have lot of repercussion to the students of the staff of the college and further more the college is facing lot of inconvenience due to the non-operation of the website which is hampering day to day activity of the college.

That the college apprehends that the intention of the above said company and its officials as well as the director have turned malafide by not maintaining the website of the college as well as not transferring the relevant data available with them to the college as the same can be misused by them which can be fatal for the college as well as staff and student and moreover, the college apprehend that some cyber crime might be committed by the above said company due to the data available with them.

The college thus filed a complaint to investigate the same as early as possible and necessary FIR be registered against the above said company and its officials for their illegal acts as well as for cyber-crime as detailed mentioned herein above under the relevant provision of Indian Penal Code as well as Information Technology Act 2021. Further actions need to be taken to retrieve the college data from the company along with the domain of the college website as it existed in the original form before the website was destroyed /tampered /sabotaged. In case any of the options do not materialise /work out / no breakthrough is made in resolving the website issue, then performance security amount of Rs. 25,000/- may be forfeited in violation of tender terms and conditions.

Presently, the vendor has restored the website only upto January 2021 and is available temporarily at bcas1.du.ac.in. The college has initiated the development of a new website at the previous domain bcas.du.ac.in with the help from the students of the Computer Science department.
