- A. The college would celebrate the Foundation Day on October 5, 2024 along with the Annual Day and Prize Distribution Function.
- B. Amendment in the constitution of Bhaskaracharya Students' Association (BSA). The house unanimously adopted the following amendments to be effective from academic session 2024-25.

Nomination Process:

Students (candidates) will have the option to submit their nomination forms either online or offline as decided by the committee.

Election Schedule:

The college reserves the right to determine the mechanism for scheduling BSA elections keeping the start of filing nomination and date of polling same with DUSU schedule.

Eligibility Criteria for BSA President:

Starting from the academic session 2024-25, the college will only have UGCF students. For the position of President, third-year students will be eligible in the year 2024-25. Thereafter, only fourth-year students will be eligible for the post of President.

Guidelines for Various BSA Posts:

The college has the authority to establish guidelines for various BSA positions, considering the UGCF framework.

C. Migration Policy of the college

The house unanimously adopted the following policy for the migration.

I. *Migration from other colleges:-*

- (i) The college would display the vacant seats to seek application based on total no of sanctioned seats in a program only.
- (ii) The admission will be based on the merit in their I year Term End Examination (TEE) (descending order) and as per norms of the University of Delhi.
- (iii) The interested students should submit a NOC from the parent institution at the time of submitting the application.
- (iv) The college admission committee would process such applications.
- (v) Class roll no would be issued once college fee is deposited by the student.

II. *Migration to other colleges:-*

- (i) To avoid any audit objection, the college can't afford to increase the number of vacant seats in a program.
- (ii) The bonafied student of the college would be the one, who deposited college fee for the respective academic year.
- (iii) Students would be permitted migration from a program only if number of students in a class is above the sanctioned strength + 10% (of sanctioned strength) only.
- (iv) The number of such students (iii above) will be given an NOC on first cum and first serve basis for each program.
- (v) A merit list will be prepared based on the I year TEE result (ascending order) among all the students who would have applied for migration.
- (vi) In case of simultaneous application by two or more students, the students will be given NOC as per merit list prepared.
- (vii) The migrated student to other college would be eligible for refundable security deposit only.
- (viii) TICs would forward request to the admission committee to process such cases, if any.

D. Identification of Course wise Slow and Fast learners

The college needs to have a well-documented mechanism to identify course specific slow and fast learners by respective teachers, which is required for various accreditation purposes and also mentioned by the NAAC Peer team during their visit in June 2023. The following has been decided unanimously for the same.

-
- a. The college would include Home Examination as part of its academic calendar. Students would be made aware of the time period of conduct of these examinations as decided by the college. The home examination would be held in mid of each semester with 40-60% of the syllabus as per the respective lesson plan submitted. Department may design their mechanism, if so desired. All the students would be required to give these home examination mandatorily. The marks scored will be one of the components of their Internal Assessment and would be displayed widely in a time bound manner. No repeat chances for this component would be permissible for students. Also, students failing to appear will be assigned a zero for the respective component in the corresponding course/ paper.
 - b. A 60% weightage of the marks scored in the above Home Examination will be one of the indicator for identification of the slow and fast learners. 40% marks would be awarded by the concerned teacher(s) based on their own assessment in the class (other than the attendance). The merit list so prepared for identification of slow and fast learners will be submitted to the TIC and not to be displayed anywhere. TIC would submit the consolidated award list to the IQAC.
 - c. The merit thus prepared in 'b' above would be the basis for a particular course. The benchmark would be 60%.
 - d. Slow learners for a particular course would be facilitated by the respective teacher
 - Personal attention
 - Remedial classes in the time table
 - Assignments and study material
 - Question bank
 - Any other activity identified by the teacher(s)
 - e. Fast learners for a particular course would be facilitated by the respective teacher
 - Advanced Assignments
 - Participation in research or other initiatives
 - Participation in seminars/ conferences/ industry internship
 - Self study Online course content
 - Any other activity identified by the teacher(s)
 - f. Each faculty should prepare report after final result declaration showing the performance of slow learners to close the loop.

E. College Internship Scheme

The TIC, committee conveners or incharges, PIs, supervisors or anyone called as Mentors may invite the intern as per their requirement to work during the June- July 2024. The mentor should intimate the administrative section for the intern called. The interns will get an appreciation certificate if they carry out work for 40hrs minimum.

The meeting ended with a vote of thanks to all present.

Secretary, Staff Council

The salutation mentioned for few members in the list above are notional and used for sorting names alphabetically only and should not be used otherwise elsewhere. An authorized member at any instance is only one who is on roll and in the active service at the time concerned.
