About the College

From Principal Desk

Prof. Avneesh Mittal

Bhaskaracharya College of Applied Sciences named after a great mathematician of 12th Century was set up in October, 1995. The college is affiliated to the University of Delhi and is funded by Government of National Territory of Delhi. We are A++ NAAC accredited, and recently obtained NIRF rank 45 in college category. Our college has 18 departments offering 11 undergraduate courses in sciences, some unique within the University of Delhi, attracting students seeking specialized training. Six new courses are planned. Students, here, gain skills through training programs, workshops, and seminars in partnership with corporate and international institutions. Emphasis on undergraduate research provides hands-on experience, confidence, and personal growth. This year many participated in excellent academic and entrepreneurship projects while completing their 4-year UG programmes (UGCF-2022) under NEP 2020. The college supports extracurricular activities through various clubs and societies, helping students develop talents and personalities, leading many to unique career paths. A dedicated, qualified, and enthusiastic faculty ensures a supportive learning environment focused on academic, cultural, social, and spiritual growth to shape committed global citizens.

You are warmly welcomed to this vibrant institution to pursue academic and holistic growth, inspired by Nelson Mandela's words: "Education is the most powerful weapon to change the world."

Our vision is a commitment to mentor the students to achieve excellence through holistic education.

Our mission is to create and sustain the conditions that enable students to experience an unparalleled educational journey that is intellectually, socially, and personally transformative.

UNDER GRADUATE CURRICULUM FRAMEWORK **(UGCF-2022)**

The UGCF–2022 reflects the historical context, philosophical foundations, and current realities of higher education as outlined in the National Education Policy (NEP–2020). It seeks to align these essential elements while guiding the future trajectory of higher education. The University of Delhi, a distinguished center for teaching, learning, and research recognized both nationally and internationally, has consistently aimed for excellence in education and contributed meaningfully to nation-building. As a Central University, it carries the responsibility of leading the advancement of human resource development by expanding the reach and quality of higher education. Innovation has remained a key feature of its undergraduate curriculum development over the years. In pursuit of the NEP–2020’s visionary goals, the University has undertaken efforts to further refine and restructure its undergraduate curriculum framework. This initiative is aligned with the NEP’s principles and aims to engage the nation’s youth by addressing contemporary global and demographic challenges. The outcome of this comprehensive endeavor is the UGCF–2022. It embodies the core spirit of the NEP–2020 and establishes an undergraduate teaching-learning ecosystem that encourages research, innovation, apprenticeship, social engagement, entrepreneurship, and other areas of intellectual pursuit. It also seeks to harness the vibrant academic atmosphere of the University and its affiliated colleges to inspire young minds.

In addition to the main programmes, students have the opportunity to pursue Allied Courses in disciplines such as Biochemistry, Environmental Sciences, Human Communication, and Mathematics. These departments offer elective, vocational, and skill enhancement courses, providing broader academic exposure.

Students are also required to complete Ability Enhancement Courses (AECs), which focus on building core competencies and broadening knowledge. These compulsory courses include Language and Literature as well as Environmental Science and Sustainable Development and are applicable to all disciplines.

Courses: Introduction & Syllabus

- 
- ❖ **BSc (Hons) Biomedical Science** explores the complex mechanisms of human health and disease. This multidisciplinary degree integrates biology and chemistry, equipping students with vital laboratory and analytical skills to drive medical research, diagnostics, and therapeutic breakthroughs.
 - ✓ **Syllabus :** [1st Sem](#) / [2nd Sem](#) / [3rd Sem](#) / [4th Sem](#) / [5th Sem](#) / [6th Sem](#) / [7th Sem](#) / [8th Sem](#)
 - **B.Sc. (Hons.) Botany** curriculum offers the essential knowledge and technical skills to study plants holistically. Students would be trained in all areas of plant biology using a unique combination of core and elective papers with significant interdisciplinary components. Students would be exposed to cutting-edge technologies currently used in the study of plant life forms, their evolution and interactions with other organisms within the ecosystem. Students would also become aware of the social and environmental significance of plants and their relevance to the national economy.
 - ✓ **Syllabus :** [1st Sem](#) / [2nd Sem](#) / [3rd Sem](#) / [4th Sem](#) / [5th Sem](#) / [6th Sem](#) / [7th Sem](#) / [8th Sem](#)
 - **B.Sc. (Hons.) Chemistry** curriculum offers courses in inorganic, organic, physical, materials and analytical. The courses will train students with sound theoretical and experimental knowledge that suits the need of academics and industry. The programme also offer ample skills to pursue research such as a career in chemistry and allied areas. This programme is offered by one of the largest and oldest Departments in the country to produce the best minds to meet the demands of society. B.Sc. (Hons.) Chemistry will help students make an informed decision regarding the goals they wish to pursue in further education and life.
 - ✓ **Syllabus :** [1st Sem](#) / [2nd Sem](#) / [3rd Sem](#) / [4th Sem](#) / [5th Sem](#) / [6th Sem](#) / [7th Sem](#) / [8th Sem](#)
 - **B.Sc. (Hons) Computer Science** curriculum offers to develop theoretical foundations in computer science to build computational thinking, analytical, and problem-solving skills. The programme prepares the students for higher studies in Computer Science and its applications. The course aims to produce skilled graduates with a creative mindset who can recognize a computational problem either in IT industry or society and develop effective solutions. In addition, the students develop expertise in programming skills using contemporary programming languages used by the software industry. It covers core computer science topics like computer systems architecture, data structures, computer networks, operating systems, computer graphics, algorithms, software engineering, database management, theory of computation, artificial intelligence, and information security.
 - ✓ **Syllabus :** [1st Sem](#) / [2nd Sem](#) / [3rd Sem](#) / [4th Sem](#) / [5th Sem](#) / [6th Sem](#) / [7th Sem](#) / [8th Sem](#)
 - **B.Sc. (Hons.) Electronic Science** curriculum offers undergraduates a complete package to understand fundamental to advanced electronics. They can equip themselves with electronics fundamentals with a comprehensive skill set compatible with industry 4.0 standards. The exhaustive curriculum will prepare them to pursue higher education and compete in the job market. The programme covers embedded systems, advanced computer and data communication, robotics, control systems, VLSI Design and Fabrication, Nanoelectronics, Artificial Intelligence, Internet of Things and others.
 - ✓ **Syllabus :** [1st Sem](#) / [2nd Sem](#) / [3rd Sem](#) / [4th Sem](#) / [5th Sem](#) / [6th Sem](#) / [7th Sem](#) / [8th Sem](#)
 - **B.Sc. (Hons.) Food Technology** impart knowledge in areas related to Food Science and Technology; enable the students to understand the food composition along with its Physio-chemical, nutritional, microbiological and sensory aspects; acquaint the students with the technologies of food processing and preservation of plant and animal foods; cereals, pulses, oilseeds, fruits vegetables, spices, meat, fish, poultry, etc.
 - ✓ **Syllabus :** [1st Sem](#) / [2nd Sem](#) / [3rd Sem](#) / [4th Sem](#) / [5th Sem](#) / [6th Sem](#) / [7th Sem](#) / [8th Sem](#)

- **B.Sc. (Hons.) Instrumentation** is a professional programme designed to develop skills that impart knowledge in science and technology of measurement and control; to prepare skilled human resources that can objectively contribute to the design, development, use, and maintenance of various instruments and machine learning environments. The programme in Instrumentation is designed to develop academic and practical skills in many technical papers like Transducers and Sensors, Machine Intelligence, Control Systems, Electronic Instrumentation, Measurement Technology, Analytical Instrumentation, Biomedical Instrumentation and Standardization and Quality Control, to produce graduates capable of adapting to technological changes.
✓ **Syllabus :** 1st Sem. / 2nd Sem. / 3rd Sem / 4th Sem / 5th Sem / 6th Sem / 7th Sem / 8th Sem

- **B.Sc. (Hons.) Microbiology** programme covers a wide range of basic and applied microbiology courses and courses of interdisciplinary nature. The core courses that area part of the programme a redesigned to build a strong microbiology knowledge base in the student and acquaint them with the applied aspects of this fascinating discipline. The student is thus equipped to pursue higher studies in an institution of her/his choice and apply the skills learned in the programme to solve practical societal problems.
✓ **Syllabus :** 1st Sem. / 2nd Sem. / 3rd Sem / 4th Sem / 5th Sem / 6th Sem / 7th Sem / 8th Sem

- **B.Sc. (Hons.) Physics** programme core subjects are: Classical and Quantum Mechanics, Electricity and Magnetism, Thermal and Statistical Physics, Wave theory and Optics, Physics of the Materials, Digital Electronics, and specialized methods of Mathematical Physics and their applications in different branches of the subject. Along with the theoretical coursework, students also learn physics laboratory methods for different branches of physics, specialized measurement techniques, analysis of observational data, including error estimation, and scientific report writing. The latest addition to Physics pedagogy is computational physics, which involves adapting Physics problems for algorithmic solutions and modeling and simulation of physical phenomena.
✓ **Syllabus :** 1st Sem. / 2nd Sem. / 3rd Sem / 4th Sem / 5th Sem / 6th Sem / 7th Sem / 8th Sem

- **B.Sc. (Hons.) Polymer Science** accomplishes excellence in education and research to meet the growing needs of society. This programme provides an environment conducive to innovation, creativity, implementation of new ideas and team spirit to foster young and fresh talents. In addition, this programme further offers awareness and understanding of polymer science's contemporary trends and growth. This will further be substantiated by enabling students in relevant academic and professional skills through self-reflections and preparing them to contribute to the growing discipline of polymer science and its application in everyday life.
✓ **Syllabus :** 1st Sem. / 2nd Sem. / 3rd Sem / 4th Sem / 5th Sem / 6th Sem / 7th Sem / 8th Sem

- **B.Sc. (Hons.) Zoology** degree programme provides a platform to comprehend classical genetics to understand the distribution of other traits among populations, their inheritance, ethnicity and correlate with contemporary and modern techniques like genomics, metagenomics, genome editing and molecular diagnostic tools. This programme's practical and theoretical skills will help design different public health strategies for social welfare. The programme has been designed to provide in-depth knowledge of applied subjects ensuring the inculcation of employment skills so that students can make a career and become entrepreneurs in diverse fields of aquatic biology, sericulture, apiculture etc. After completing this programme, students can contribute as policymakers in wildlife conservation, animal preservation and environment protection.
✓ **Syllabus :** 1st Sem. / 2nd Sem. / 3rd Sem / 4th Sem / 5th Sem / 6th Sem / 7th Sem / 8th Sem

 - c. Violate the status, dignity and honour of students belonging to the scheduled caste and tribe.
 - d. Expose students to ridicule and contempt and affect their self-esteem.
 - e. Entail verbal abuse and aggression, indecent gestures and obscene behavior.
4. The Principal of a College, the Head of the Department or an Institution, the authorities of College, or University Hostel or Halls of Residence shall take immediate action on any information of the occurrence of ragging.
5. Notwithstanding anything in Clause above, the Proctor may also suomoto enquire into any incident of ragging and make a report to the Vice-Chancellor of the identity of those who have engaged in ragging and the nature of the incident.
6. The Proctor may also submit an initial report establishing the identity of the perpetrators of ragging and the nature of the ragging incident.

7. If the Principal of a College or Head of the Department or Institution or the Proctor is satisfied that for some reason, to be recorded in writing, it is not reasonably practical to hold such an enquiry, he/ she may so advise the Vice-Chancellor accordingly.
8. When the Vice-Chancellor is satisfied that it is not expedient to hold such an enquiry, his/ her decision shall be final.
9. On the receipt of a report under Clause (5) or (6) or a determination by the relevant authority under clause (7) disclosing the occurrence of ragging incidents described in Clause 3(a), (b) and (c), the Vice-Chancellor shall direct or order rustication of a student or students for a specific number of years.
10. The Vice-chancellor may in other cases of ragging order or direct that any student or students be expelled or be not for a stated period, admitted to a programme of study in a college, departmental examination for one or more years or that the results of the student or students concerned in the examination or examinations in which they appeared be cancelled.
11. In case any students who have obtained degrees or diplomas of the University of Delhi are found guilty; under this Ordinance, appropriate action will be taken under Statute 15 for withdrawal of degrees or diploma conferred by the University.
12. For the purpose of this Ordinance, abetment to ragging whether by way of any act, practice or incitement of ragging will also amount to ragging.
13. All Institutions within the Delhi University system shall be obligated to carry out instructions / directions issued under this Ordinance, and to give aid assistance to the Vice-Chancellor to achieve the effective implementation of the Ordinance.

Order of the Vice-Chancellor in pursuance of Ordinance XV-C: Where incident(s) of ragging are reported to the Vice-Chancellor by any authority under this Ordinance, the students(s) involved in ragging, shall be expelled for a specified term, designated in the order. Non-students involved in reports of ragging will be proceeded with under the criminal law of India; they will also be rendered ineligible for a period of five years from seeking enrolment in any of the institutions of the University of Delhi. Students against whom necessary action is taken under this note, will be given post decisional hearing, with strict adherence to the rules of natural justice.
