

Department of Instrumentation : Society & Activities

1. Department of Instrumentation organized an invited talk on September 25, 2019 by Shri Satish, Senior Scientist, Electrical and Electronics Metrology Division, CSIR, National Physical Laboratory (NPL). The topic of his talk was "Metrology and its role in improving quality of life. The workshop was attended in large numbers by students of all streams.
2. Society also organized one day Technical Festival "Mnemonics 2020" on February 11, 2020. On this occasion Prof. Avinashi Kapoor (Head Dept. of Electronic Science, University of Delhi) delivered a motivational lecture. Various technical and cultural events like Circuit Making Competition, Debate Competition on "Artificial Intelligence", Harry Potter Quiz, Alumni Meet, Photography Competition "Instrugraphy", OpenMic Competition were also organized during the festival. The event witnessed a huge participation from students of the college as well as other colleges from all over Delhi.
3. During this festival some of the very bright and talented alumni of the Department were also present and shared their experiences among the students. One of the Alumni of the department, Mr. Manish has recently joined leading Integrated Device Manufacturer ST Microelectronics.
4. Sensors Society of the Department of Instrumentation organized an Inter college online technical Quiz "Quarantine 2020" on May 19, 2020.
5. Department organized webinar on "Learning in Lockdown" (3 days learning sessions) by Mr. Ayush Gupta, Software Engineer, Google from April 19 – 25, 2020.
6. Department organized webinar on "Learning in Lockdown 2.0" (3 days learning sessions) in collaboration with NSS by Mr. Ayush Gupta, Software Engineer, Google from May 04-10, 2020.
7. Department organized webinar on "Learning in Lockdown 3.0" (5 days learning sessions): Stay High Forever by knowing the Self in collaboration with NSS by Mr. Ayush Gupta, Software Engineer, Google from May 15-31, 2020.
8. Department organized webinar on "Learning in Lockdown 4.0" (5 days learning sessions): Positive Thinker in collaboration with NSS by Mr. Ayush Gupta, Software Engineer, Google from June 4-12, 2020.
9. Department organized an International Webinar on Shaping the career for 5G Technologies by Dr. Tushar Sharma, Post Doctoral Research Associate, Department of Electrical Engg., Princeton University on July 15, 2020.
10. Department organized webinar on " Role of Solar Photovoltaics in Post COVID-19" by Dr. Vikramaditya Dave, Associate Professor, Department of Electrical

Engg., Maharana Pratap University of Agriculture and Technology, Udaipur on July 17, 2020.

11. Department of Instrumentation organized an International Webinar on A short history of Solar Physics by Prof. Carsten Denkar, Head Solar Physics, Solar observatory Einstein Tower, Germany in collaboration with Physics Department on July 30, 2020.
12. Department organized online virtual training on "Embedded System" by TECKAT services Pvt. Ltd. on August 09, 2020.
13. Department organized Online lecture and Demonstration on Industrial Automation Scope: PLC & SCADA on October 12, 2020.
